(646) 558-8656

Meeting ID: 392 792 3824

Password: 12345

Information will be updated for all other meetings, please check back for updates.

.....

The ongoing effects of the COVID-19 pandemic continue to dominate many aspects of our daily lives. The uncertainty and misinformation surrounding a national emergency like this can cause fear and panic to take over. In order to keep a sense of calm and normalcy it is important to know that those around us are taking the necessary steps to protect all of those around us. The Cumberland County Utilities Authority Treatment plant and pump stations are an essential operation that must continue to operate to continue to meet the needs of our community. It is for that reason that the C.C.U.A. has taken certain steps in order to continue providing essential operations required at our

treatment plant and pump stations while keeping in mind the safety of our community and our employees.

The C.C.U.A. has closed all buildings and grounds except to employees of the C.C.U.A. All of the C.C.U.A. public meetings will all be conducted electronically until further notice. Please continue to check our website www.ccua.info to get updates and to get the access information to the meetings. All vendors must check in through our closed lobby for any and all deliveries or any other needed vendor issues. No one is permitted into the buildings or onto the grounds unless cleared and authorized by the C.C.U.A administration.

In closing, the C.C.U.A. wishes you well and hopes all to stay healthy. Together we will get through this.

Stay Safe,

G. Steven Errickson, Executive Director, the Commissioners and Staff
